About Us

Canadawide Scientific is a 100% Canadian owned Company serving the scientific and industrial communities across Canada since 1976.

We offer a broad range of analytical instrumentation, field and laboratory equipment, everyday supplies and chemicals for an infinite number of applications. From sample collection to analysis, and from discovery to realization, Canadawide Scientific exceeds our customer's requirements in the areas of research, diagnostics, clinical, manufacturing and environmental industries.

Our success is anchored by an ISO 9001:2015 quality management system, an expanding portfolio of innovative products, and the creation of a superior customer experience.

Do you evaporate or concentrate?

High-Performance Centrifugal Solvent Evaporators from Genevac

Trusted by laboratories worldwide, the solvent evaporator Genevac delivers superior performance for chemistry, biology, and analytical applications.

EZ-2 4.0 EVAPORATOR

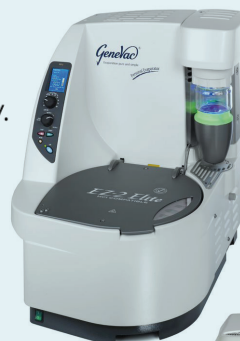

Fast, safe, and eco-friendly solvent and acid removal made easy.

- Touchscreen interface for effortless operation
- Ergonomic design with front speedtrap™ jar
- Exalt technology for crystallization studies
- High-power lamps and enhanced software

GENEVAC SERIES 3 HT EVAPORATORS

Advanced solvent removal with high-throughput and fast lyophilization capabilities.

- Intuitive touchscreen controls
- Integrated condenser for compact footprint
- Front access design for easy use
- Dri-Pure™ anti-bumping technology

Heidolph lab equipment

ROTARY EVAPORATORS

- The award winning Hei-Vap Series offers versatile rotary evaporators with a wide range of condensers and accessories for any application.
- Complete system solutions — all from a single source.

TUTTNAUER AUTOCLAVES

Tuttnauer Sterilizers — Fast, safe, and reliable sterilization for liquids, media, instruments, glassware, clothing, and waste.

Available in benchtop and vertical models.

- No water utility needed — plug in and add water
- Dual temperature probes for thorough liquid sterilization
- Four validated cycles + 16 customizable programs
- Stores 200 cycles; PC access and built-in printer
- Includes trays
- Available in four models.

CRYODRY CD8 FREEZE DRYER

Compact and powerful, the CryoDry CD8 delivers efficient, high-performance freeze drying for labs and research facilities. Featuring intuitive controls, robust construction, and a space-saving design, it's the ideal solution for preserving sensitive biologicals, pharmaceuticals, and specialty materials.

- Condenser Performance: 4kg per 24 hours
- Ice Condenser Capacity: 8kg
- Defrost Function: Shelf heating
